

About The Village

Founded in 1851, The Children's Village serves more than 7,000 of New York's most at-risk children and their families each year. Through residential and community-based programs, the Village helps young people become productive, independent citizens who will enrich and contribute to their communities and their future families.

WAY Scholarship
Annual Dinner

**SPONSOR
A
SCHOLAR**

For 25 years, WAY has instilled a sense of pride and achievement in each young person who has taken part in this visionary program. And that pride and achievement is translated time and time again into real success.

Research has shown that participants finish high school and enter the workforce successfully at rates far higher than other youth with comparable backgrounds.

WAY isn't a just a way to work, it's way to life.

You can help keep WAY strong by becoming a 25th Anniversary sponsor or sponsoring a young scholar to attend the dinner. We invite you to help us celebrate by writing a message of encouragement to be included in the dinner journal.

You are Cordially Invited to Attend
